PENTERACT INDUSTRIES

CAPABILITY STATEMENT

TECHNOLOGY · SOFTWARE · AUTOMATION · ROBOTICS · AI

COMPANY OVERVIEW

Penteract Industries LLC is a small business delivering commercial software and IT products, custom software, process automation, applied AI, and autonomous systems to government and commercial customers. We bring more than 20 years of software and technology experience across public and private sectors, and a commitment to understanding the mission, delivering what works, and standing behind it.

CORE COMPETENCIES

- **IT Products & Software Resale** — brand-name software licenses, subscriptions, maintenance renewals, and IT products sourced through TD SYNNEX, one of the world's largest IT distributors.
- **Custom Software Development** — applications, integrations, APIs, data pipelines, and internal tools.
- **Process Automation** — workflow automation, document processing, reporting, and operational dashboards.
- **Applied AI & Analytics** — anomaly detection, AI-assisted document processing, and data visualization.
- **Robotics & Autonomous Systems** — ROS 2-based ground robots with lidar navigation and mapping for inspection, monitoring, and logistics prototypes.
- **Systems Administration & Operations** — deployment, maintenance, and support of enterprise systems.

EXPERIENCE

20+ years of software and technology experience across:

- Department of Defense (DoD)
- Enterprise Information Technology
- Commercial Software
- Global Entertainment Technology

DIFFERENTIATORS

- **Fast quotes** — most software and IT product quotes turned around within 2–3 business days.
- **Hands-on engineering** — practical experience in application development, automation, robotics, embedded systems, and AI tooling.
- **Mission focus** — solutions sized for real operational constraints, not unnecessary complexity.
- **Flexible payment** — Net 30 terms; ACH/EFT; government purchase cards accepted.

COMPANY DATA

Legal Name	Penteract Industries LLC
